Summer Issue 2010

## WHAT'S NEW IN THE CLASSROOM

All of our students will be invited to attend a special classroom introduction during the first week of September. Your child's class will be divided into small groups. The students in each small group of children will come to preschool with a parent for about 45 minutes to see what preschool is all about. They will get to meet their teacher and play with some of their friends while they check out their classroom. The teachers will be mailing each family a letter with an appointment date and time for the classroom introduction. Letters will be mailed by Aug. 20<sup>th</sup>.
